5. Mr. Keeno in the office of Congressman Emilio Q. Daddario (D., Conn.) telephoned requesting an appointment for Daddario with the DCI on the Downey case. Daddario has been discussing the matter with the Department of State. Mr. Keeno suggested I talk with Mr. Macomber. I agreed to do so and will advise further.

6. Met with Carl Marcy, Senate Foreign Relations Committee staff, to determine if there was any assistance we could give on the Foreign Service Reserve provisions to be inserted in the Mutual Security bill. He thought there was nothing to be done at the moment and when the bill is being marked up it would be appropriately considered.

7. General McClelland called in response to our referral to him of H. R. 7057, a bill to provide the President with national telecommunication resources. He said he thought it would be a good thing to have a telecommunications board, but he feels that the matter has not been sufficiently staffed out. While we have no direct concern with this bill, General McClelland has asked that we watch it.

8. Sent to Spencer Beresford, House Science and Astronautics Committee, two copies each of the two FBIS reports on foreign press and radio reaction to the Russian lunik/cosmic shot.
